

Arla[®] Pro Easier Melt Cheddar Slices

Elevate your burger game with our premium cheddar slices designed for FSR and fast-paced QSR operations. Our Easier Melt Cheddar Slices melt effortlessly from the residual heat of your burger, ensuring a perfectly gooey texture that customers will love.

Key Benefits:

Effortless Melting: No need for specialised equipment; just place on your burger and let the residual heat do the work.

Reduced Prep Time: Streamline your kitchen operations and serve customers faster without compromising on quality.

Upselling Opportunities: Highlight the rich, authentic cheddar flavour on your menu to entice customers and increase sales.

Suitable for various applications:

Burgers

Paninis

Bread

(Not suitable for folding or rolling)
