

ARLA® LACTOFREE

Arla LactoFREE Semi Skimmed Milk Drink 1L

Arla LactoFREE - UK's no.1 dairy free from brand. Arla LactoFREE is made from cows' milk that's been specially treated to remove lactose, yet still provides the great taste of dairy - with none of the nasty side effects. A suitable alternative to cater to the needs of end consumers who want / need to avoid lactose but prefer the mouthfeel and taste of milk with reduced sugar. Arla LactoFREE shows no visual difference to standard fresh milk, ensuring a high-quality finish. Steams and foams consistently with no splitting, which can occur with non-dairy alternatives. Great for baristas who want to create a stable and consistent foam in lattes and cappuccinos. Suitable for vegetarians and Farmer Owned.
